What we have done – 2'

Describe briefly the **process** you have gone through – who is in your team, what were the bottlenecks, the breakthroughs?

The challenge :

- It's a conflict between local inhabitants and those living in the new dwellings.
- We expect them to offer a safe space to create a discussion, with specific milestones.

Bottleneck : time (election are coming in only 1 year, political division in the council, divide village about the light housing with the complain

Breakthroughs :

Elections could be an opportunity for change ; **We identified that listening and mediation as a key lever**

Our solution – 2'

Short and concise presentation of the solution

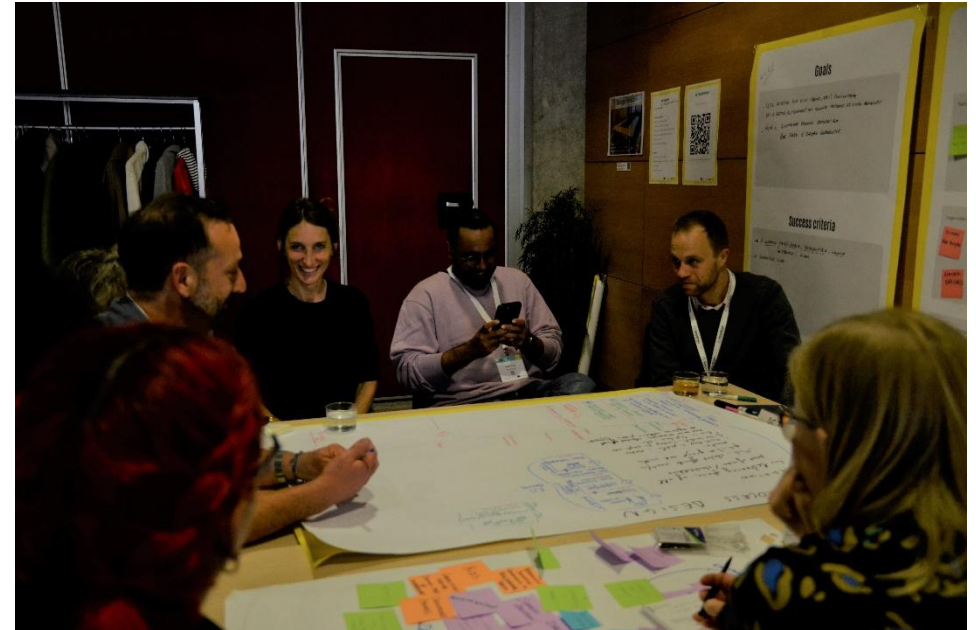

Make Pailhès peaceful again

Create a trust and transparency democratic process focused on neighborhoods' village concertation, to try to understand all terms of local light housing issue and coliving.

We designed a mediation phase in a long-lasting process of the prospective design fiction project « Living and housing in Pailhès in 2040 ».

Meanwhile this work will serve as a basis for the next local urbanism plan.

Action plan – 2'

Make Pailhès peaceful again

1 scénario with different agendas (*the time can change, before or after local elections*)

PHASE 1 > PUBLIC DIAGNOSIS AND MEDIATION PHASE

1.1 / Bruno will explain the proposal to the council

1.2 / Elected officials organize a city walk tour in the village, through the “hameau”, to understand the issues of the inhabitants (from light housing and classic housing). We need an expert of facilitating > friendly moment

1.3 / Elected officials organize different ways to report issues

PHASE 2 : BANQUET FORUM

Objective : *presenting results phase to build trust and transparency*

- Public meeting with visual and pedagogic report of the walks (banquet forum) in order to understand each other views and our common issue
- Communication : podcast, local newsletter, creative notebook...

PHASE 3 : LEARNING AND INFORMATION TIME

Workshops with experts about housing rules, financial aspects, environmental aspects...

PHASE 4 : MURAL OF THE FUTURE Projection 2040 – “Pailhès great housing 2040

A platform for discussion within inhabitants about “Living and housing in Pailhès together” – artistic format (children, non-living beings, etc.)

Thank you
